P. O. Box 94275  
Baton Rouge, LA 70804-4275

Re: Hackberry Zone, Reservoir G  
Turps Field  
Beauregard Parish, Louisiana

Dear Commissioner Asprodites:

Application is hereby made on behalf of **HUNT OIL COMPANY** for the calling of a public hearing, after legal notice, to consider evidence relative to the issuance of an order pertaining to the following matters relating to the following matters:

1. To establish rules and regulations and to create a single drilling and production unit for the exploration for and production of oil, gas and condensate from the Hackberry Zone, Reservoir G, said unit to be designated HBY RG SUA.
2. To force pool and integrate all separately owned tracts, mineral leases and other property interests within the proposed unit with each tract sharing in unit production on a surface acreage basis of participation.
3. To provide that any future wells, replacement and/or alternate unit wells drilled to the Hackberry Zone, Reservoir G, should be located in accordance with the spacing provisions of Statewide Order No. 29-E.

4. To authorize the Commissioner of Conservation to reclassify the reservoir by supplemental order without the necessity of a public hearing if the producing characteristics of the reservoir change and evidence to justify such reclassification is submitted to and accepted by the Commissioner of Conservation.
5. To consider such other matters as may be pertinent.

The Hackberry Sand, in the Turps Field, Beauregard Parish, Louisiana, was previously defined in the 1435-C Series of Office of Conservation Orders.

Pertinent data, including well logs, may be obtained AT THE COST OF THE REQUESTING PARTY from W. H. Robbins & Associates, 140 Rue Beauregard, Suite 100, Lafayette, Louisiana 70508, Telephone Number 337/232-5004.

Pursuant to the Revised Rules of Procedure, a pre-application conference was held on September 14, 2001, in Lafayette, Louisiana, at which the parties named on the attached list were in attendance. The conference was opened by representatives of the applicant who explained the bases for the unit being requested. Questions were asked and answered. It was pointed out that the reservoir should be referred to as Reservoir G rather than Reservoir H, and the applicant has made that change. Mr. Jim Hardwick, on behalf of Temple-Inland Forest Products Corp., presented a counterplan, suggesting a more rectangular unit, but also containing 160 acres, more or less, with the proposed unit well centered in an east/west direction. None of the parties in attendance expressed any opposition to this alternative proposal. Hunt Oil Company indicated that it was agreeable to revise its unit proposal to conform to this alternative proposal. The conference was then adjourned. The applicant has attached this compromise unit plat in resolution of all differences among the parties attending the conference.

Attached hereto and made a part hereof is a revised plat outlining the applicant's proposal, the conference attendance list and a list of the names and addresses of the Interested Owners, Represented Parties, and Interested Parties to whom a copy of this application is being sent. Pursuant to the Revised Rules of Procedure, the list of parties is being furnished only to the Commissioner of Conservation and to the District Manager of the Lafayette District of the Office of Conservation. The list of parties will, however, be furnished by the undersigned to any party requesting copies. A reasonable effort was made to ascertain the names and addresses of all Interested Owners, Interested Parties and Represented Parties.

Finally, enclosed is our check on behalf of the applicant, in the amount of \$700.00, made payable to the Office of Conservation representing the required hearing application fee.

Very truly yours,
